The client, onwards the Holder of the Certificate, shall follow the guidelines set up in this document in order to use properly the Certificate of Conformity of Product issued by CAFECERT.

CAFECERT may periodically request the client information about the use it does of the Certificates.

The Holder of the Certificate shall:

1. Inform CAFECERT periodically (every year) about the use it does of the Certificate.
2. Make reference, regarding the certificated coffees, of the Protected Geographical Indication (P.G.I.) Café de Colombia. Mentioning the certificated coffees must be consistent to the scope of the certification.
3. Make reference of the Protected Geographical Indication (P.G.I.) Café de Colombia, to refer to the Certificate of Product in mass media as well as documents, brochures, and advertising in general. At all events, the Holder of the Certificate shall specify the code of the Certificate of Conformity that covers the certificated products.
4. Shall be able to issue a document to its customers to indicate that its manufactured and/or sold coffees meet the requirements of the Protected Geographical Indication (P.G.I.) Café de Colombia, only in regards to the coffees covered by the certificate. In this document, it shall make mention of the Certificate of Conformity granted by CAFECERT, indicating the code of the Certificate. Similarly, it shall be able to mention the number of lots, number of bags per batch, weight of each bag, and the total weight of each lot.
5. Undertake not to reproduce the Certificate issued by CAFECERT totally or part thereof.
6. Inform CAFECERT any significant changes affecting the information registered on the Certificate.
7. Not to use the Certificate of Product in a misleading manner, so it may cause harm to the name and reputation of CAFECERT; the Holder of the Certificate shall not make any declaration regarding its Certificate of Product that CAFECERT might consider fraudulent or unauthorized.
