Cafecert guarantees that their policies and procedures are managed in an impartial, transparent and non-discriminatory manner, since they are not performed to inhibit or to obstruct the access of applicants to the certification process.

In order to perform the certification, Cafecert restricts their requirements, evaluation, revision, decision and surveillance procedures to those affairs concerning specifically to the scope of the Certification.

The evaluation of the product compliance to the technical requirements is performed by means of analyses or tests over samples of the product to certify. The results of the evaluation are collected in a Evaluation Report and Revision Report, and upon them, the Certification Committee come up with a final decision about the Certification. Whether the decision is favorable, the Certificate of Conformity is issued.

Cafecert assesses that those products already certified continue complying with the requirements of the certification by means of evaluation of the supervision of the samples that are performed every twelve (12) months. When nonconformity with the obligations of the certification requirements is substantiated during the evaluation of the supervision of samples, Cafecert is enabled to withdraw or suspend the certification temporarily until the Client evidences to be in compliance again with the certification requirements.

6.2 EVALUATION

Following the acceptance of the application and the verification of CAFECERT's capacity and technical competence by the Programming Analyst or an authorized person, CAFECERT shall proceed with the preparation of the service pro forma. In initial processes, payment, the purchase order and/or service order must be made within fifteen (15) calendar days thereafter; once the foregoing has been confirmed, the corresponding electronic invoice shall be issued.

For the supervision processes, which shall be carried out every twelve (12) months, with a tolerance margin of ± 2 months (between month 10 and month 14). In order to avoid withdrawal from the process, the Client must arrange payment and submit the service order or purchase order prior to the expiration of the certificate, in accordance with the amount indicated in the proforma. The evaluation phase shall not be initiated, nor shall the certification be continued, without compliance with the foregoing within the stipulated timeframes. Once the above has been confirmed, the corresponding electronic invoice shall be issued. Should the payment not be made, it will be understood that the process is withdrawn and CAFECERT will proceed in accordance with the certification service rules.

The certification analyst in charge must PREPARE AND SEND THE EVALUATION PLAN.

- The name of the testing laboratory where samples of the coffees to be certified will be evaluated;
- The tests conducted on samples of the coffees to be certified;
- The identification requirements, weight and packaging for samples of the coffees to be certified;
- Address where the Client shall send samples.
- Applicable normative documents.

As acceptance of the Evaluation Plan, the Client must send a certified and duly signed copy via an electronic mail within the next fifteen (15) working days declaring their agreement with the Evaluation Plan. For supervision processes, once the evaluation plan is sent, the client must confirm the receipt no later than five (5) working days from the notification, otherwise it is assumed that they agree with the evaluation plan.

From the communication where the applicant accepts the conditions of the EVALUATION PLAN, he will have fifteen (15) working days to send the requested samples and in optimal conditions for analysis.

The client agrees to comply with allowing the initial evaluation of samples. The samples must be sent within the established times. Failure to perform the evaluation will lead to the closure of the certification process and the non-granting of the certification.

Note 6: For the supervision processes, in the cases where CAFECERT accepts the sending of the samples by the client, the guidelines established by CAFECERT and the indicated guidelines

must be complied with. The certification will be withdrawn if the client does not have the coffee in the times established in the supervision.

Note 7: Apply just for Initial application.

The coffee samples and their packaging must be in optimal conditions when arriving to established address to guarantee the product quality; similarly, the samples must meet weigh requirements, otherwise, Cafecert will request the Client the shipping of new coffee samples.

In any case, and in order to confirm the results of the required tests, Cafecert may conduct new and different tests on the samples of coffees to be certified. Beforehand, Cafecert shall inform the Client the additional tests to be conducted and the test laboratory that will be utilized.

When non-conformities are detected throughout the evaluation, the Client will analyse each noncompliance in order to establish the relevant immediate corrective actions to eliminate the cause and prevent their recurrence. All of the actions taken must be documented and sent to Cafecert.

In the event of non-conformities regarding the technical requirements of the product during the evaluation, CAFECERT will notify the client by email and the client must establish the causes analysis, corrections and corrective actions to eliminate the causes of the nonconformities. The certification analyst in charge will send the client the form OPEV-F-063 Report of non-conformities certification process for completion.

The actions taken by the client, regarding the non-conformity, must be documented and sent to CAFECERT. As of the notification date made by CAFECERT and confirmation of payment of nonconformities, the client has 15 working days for him to send the sample and the OPEV-F-063 format. Report of non-conformities for the certification process completed.

Note 8: For non-conformities that are not associated with the technical requirements of the product, the client has 15 working days from the notification of the non-conformity to send the completed form OPEV-F-063 Report of non-conformities process of certification with their respective corrections, cause analysis and corrective actions, once approved by CAFECERT, the client must send the evidence for the lifting of the non-conformity as applicable within a period of no more than 30 working days.

Note 9: On the other hand, should an observation be presented in the evaluation process, CAFECERT will notify the client by email of the aspects presented to avoid a possible non-conformity in the next supervision.

Should the coffees to be certified present nonconformities with the technical product requirements, the Client shall be informed about the finding of such nonconformities by an electronic mail. In the case of non-conformity, the Client has fifteen (15) business days from the notification moment to provide answer to the communication sent by Cafecert. Whether there is no reply, it will be assumed that the Client is no longer interested in continuing with the process and Cafecert shall proceed to end it.

- Payment for the service and/or issuance of the purchase order or service order for sample surveillance.
- Execution of the sampling of the certified product.

For the performance of the surveillance, **the Client shall submit all the required documentation at least ten (10) business days prior to the expiration of the fourteen (14)-month period**, in order to allow its review and, where applicable, the issuance of observations within the established timeframes. Failure to comply with this obligation shall result in the application of the provisions set forth in this document.

The Client shall ensure the availability of certified coffee for the sample surveillance evaluation within the period between ten (10) and fourteen (14) months counted from the date of granting of the certificate. The Client undertakes to adopt the necessary planning measures to ensure the availability of inventory throughout the entire surveillance period.

Payment for the surveillance service and the issuance of a purchase order or service order shall not suspend, restart, or extend the established timeframes, nor shall they exempt the Client from the obligation to have the certified product available.

The unavailability of certified coffee within the surveillance period, lack of cooperation, or unjustified delay attributable to the Client, such that upon expiration of the fourteenth (14th) month it is not possible to obtain the corresponding samples, even if the process has been initiated following payment, shall constitute a serious breach of the certification requirements.

Such breach shall result in the **immediate withdrawal of the certification** and the **application of the corresponding contractual provisions**.

Non-compliance with the times established for the supervision process by the client, leads to the loss of validity of the certificate immediately, from the day following the fourteen (14) months, counted from the date of granting (Date granting) of the certificate.

The purposes of the Evaluation of the supervision of samples are:

- To corroborate that the certified coffees continue to meet certification requirements;
- To confirm if the Client has received complaints or claims during the certification period, and if so, to know the actions taken to eliminate the causes of these complaints.

7.1 EVALUATION OF THE SUPERVISION OF SAMPLES:

Cafecert will inform the Client in advance about the evaluation of the supervision of samples, sent the invoice to the client, upon CAFECERT, confirm the payment, and then by sending an Evaluation Plan as described in numeral 6.2. By the analyst of the Certification In this Plan, it will be indicated whether it has been decided to obtain samples from the stock of the Client, in which case Cafecert shall request Client's assistance to perform the activity. The client must know the document "OPSU-D-027 Conditions for the use of the certificate of conformity of product".

The Evaluation Plan must be signed and sent to Cafecert electronic mail. If Cafecert does not receive any confirmation of the Plan, or any amendment request within maximum ten (10) working days after the notification is made, it is assumed that the Client agrees, and it is started the evaluation of the supervision of samples.

Note 12: The certification will be withdrawn to the certification if the client does not have the coffee in the time by terms of the supervision sample on the chapter (7) of this document.

When in an Evaluation of the Supervision of samples it is found nonconformity with the technical requirements of the product, Cafecert shall perform new and/or the same tests Applicable.

If the results of the tests substantiate that the non-compliances have not been overcome, the process will continue, no new tests will be conducted and the stages of evaluation, review and decision over the Certification will proceed up to the end.

7.2 EXTRAORDINARY EVALUATION OF THE SUPERVISION OF SAMPLES

Cafecert may establish and conduct an extraordinary supervision of sample when one or more of the following situations come out:

- Facilities of the organization changes,
- Changing of facilities
- Misuse of the Certificate of Conformity the client must taking account the "Conditions for the use of the certificate of conformity of product"
- When the presence of nonconformity of the product in the market is corroborated or when there are complaints about the product from Clients.

8 EXTENSION OF THE SCOPE OF CERTIFICATION

When a client with at least one certified coffee expresses interest in extending the scope of the certification, they must formally request the extension. For this, they must fill out the corresponding Application for Certification of Coffee and/or submit the request by mail as applicable to the process. The process shall continue according to that described in paragraph 6.1.

In case of granting the extension of the certification, and in order to facilitate the surveillance evaluation, Cafecert will define as date of surveillance to evaluate the coffees subjected to extension, the one established previously for the coffees initially certified. In any case, the maximum period to conduct the surveillance is fourteen (14) months, included the tolerance period.

In general,

- The Client may request the extension of the scope of the certification at any time after having a valid certification.
- Cafecert shall grant the extension of the scope of the certification for new products based on the evaluation of samples of these products.

9 NOTIFICATION OF CHANGES

The Client of the certification must inform immediately Cafecert about any changes they intend to implement that may affect their capability to meet the requirements of the certification, in aspects such as:

- Legal status: organizational, of property, commercial
- Facilities of the organization
- Contact addresses and production sites
- Changes initiated by the customer (information on the product packaging)

In any case, Cafecert will be able to require the Client the information mentioned above for each evaluation of the supervision of samples without undermining the Client's responsibility of informing Cafecert of changes.

In the event that the customer requires a new copy and/or update of certificates already generated for some of the reasons mentioned above, they will have an additional cost based on the current rate established by CAFECERT.

CAFECERT will evaluate any modifications that affect the certification, including changes requested by the client, and will determine the appropriate or relevant actions to take.

10 TERMINATION, REDUCTION, SUSPENSION, WITHDRAWAL OF THE CERTIFICATION

The Certification Committee shall make a decision regarding the reduction, suspension, withdrawal of the certification when the Client do not comply with the requirements of the certification and/or when the certified products cease complying with the applicable technical requirements. Accordingly, to make a decision, the Certification Committee will be able to use relevant information coming from the market, the consumers and/or any other pertinent source.

In cases of termination, reduction, suspension, withdrawal of the certification, Cafecert will officially inform the decision made by the Certification Committee to the National Federation of Coffee Growers of Colombia.

According to the seriousness of the Client's product(s) noncompliance(s) of the definition of the Origin Denominations, Cafecert shall conduct the inspection following this classification:

When noncompliance is reiteratively found -in two or more Evaluation of the supervision of the samples- this will be recorded as nonconformity.

The Client will have the obligation to take corrective measures.

Nonconformity: the non-compliances roasted coffee and soluble Coffee, or Extract Coffee to the Technical Requirements of the Coffees are recorded as nonconformity when in the analyses of their sensorial characteristics such as Cup Defects –ferment, vinegar, chemical, stinker, phenol, earthy among others- the existent values exceed those allowed by the technical requirements.

10.1 GENERAL CRITERIA

When a non-conformity with the requirements of the certification is corroborated, because of either a supervision of sample, or any other case, Cafecert shall consider and decide on the appropriate action to take, based on the certification scheme applied and the requirements of the certification.

Among others, Cafecert will take one of the following actions depending on the confirmed non conformity:

- To reduce the scope of the certification retrieving the products associated to the nonconformity;
- To termination or withdrawal the certification.
- Maintain, update, among others.

10.2 TERMINATION OF THE CERTIFICATION

The Client will be able to request the termination and/ or Voluntary withdrawal of their certification by means of submitting a written request addressed to Cafecert. The termination of the certification shall be processed with an ex officio.

When the certification is terminated at Client's request, Cafecert shall modify all the certification documents of the Client in order to ensure that no information continues being provided as the product is still certified. Among others, Cafecert will take the following actions:

- The termination of the certification shall be published on the website of Cafecert or any other established publishing source;
- The Client will be removed from the list or directory of certified Clients and products;
- The National Federation of Coffee Growers shall be informed in order to withdraw the Authorization of Use of the corresponding P.G.I.
- The Certificate of Conformity and use authorization of the Certificate will be disposed;
- The Client shall be informed of all actions taken.

10.3 REDUCTION OF THE SCOPE OF CERTIFICATION

The scope of the certification may be reduced at request of the Client; or when Cafecert decides it due to the occurrence of nonconformity or non-compliances with the requirements of the certification or requirements derivative of the Certification Scheme. In the first case, at Client's written request, Cafecert shall process an ex officio to reduce the scope of the certification.

Cafecert will decide on the reduction of the scope of the certification when one or more products may not be subjected to the evaluation of the supervision of the samples, because their production has been stopped.

When the scope of certification is reduced, Cafecert will modify all the certification Client's documents, in order to ensure that no information continues being provided as the products eliminated of the scope are still certified. Among others, Cafecert shall take the following actions:

- To update established publishing medium, the certificate of conformity reflecting the reduction in the scope of the certification;
- The products under reduction will be removed from the list or directory of certified products;
- The certificate will be amended by removing the products under reduction and the Client shall be required to dispose the previous certificate;
- The Client shall be informed of all actions taken.

10.4 SUSPENSION OF CERTIFICATION

The Suspension of all or part of the scope of the certification implies the prohibition, during the suspension, of the use of the Certificate of Conformity issued by Cafecert, and to the reference of the status of being certified.

The suspension of a certification will be adopted by the Certification Committee and notified to the Client. The Client shall have a term of five (5) working days from the notification to state their

decision. If within the prescribed period the Client does not show any disagreement with the suspension of the certification, this will become public.

Not have eliminated the causes that correspond to the origin of the suspension within. If at the end of the period, the reasons for the suspension had not been treated, the Certification Committee shall decide on the cancellation of the certification.

Note 13: Partial suspension consists of suspending part of the scope. Of the certification the client will not be able to use the status of certificate in the coffees that are suspended as of the notification date. The certificate of conformity, the specifications with the product that we have complied with the requirements of the applied certification scheme and with the internal requirements of CAFECERT will be issued.

Note 14: Once the suspension of certification is notified, the client can no longer use the suspension and must suspend all advertising related to certification.

Cafecert shall decide on the suspension of the certification due to the occurrence of one or more of the following causes:

- Do not allow or extraordinary evaluations.
- Failure to notify CAFECERT of the modifications and changes in the technical conditions that it intends to carry out and that may affect its ability to comply with the requirements of the certification initially granted.
- Due to the non-response on the part of the client in the notification of the changes in the normative documents, resolutions and / or regulations to fulfil the new technical requirements of the product.

The suspension has a period of up to three (3) months to resolve or correct the causes that determined the place of the suspension. At any time within this term, by means of a communication addressed to the General Manager of CAFECERT, he may request the Certification Committee to lift the suspension, after showing that he has resolved or remedied the causes that originated it.

CAFECERT may conduct the evaluations or extraordinary visits that will be necessary to verify that the causes have been resolved or remedied.

Once the term of three (3) months has expired, if the causes that motivated the suspension have not been remedied, the Certification Committee will decide to withdraw the certification.

- The Client shall be informed about all the actions taken.

If the certification is partially restored by reducing the scope of the certification, Cafecert shall adopt the following measures:

- ✓ To update established publishing medium, the certificate of conformity reflecting the reduction in the scope of the certification;
